Introduction

Planet A is a sound expansion for Roland Fantom-S and Fantom-X series synthesizers. It was made especially for those who seek massive, punchy and warm analog sounds. Planet A features totally clean and unprocessed analog bass, synth, lead and pad sounds, as well as extra loops and effects, all sampled at high resolution.

Features

- 337 samples (46 MB)
- 25 multisamples
- 30 patches

Compatibility

- Roland Fantom-S/S88
- Roland Fantom-X6/7/8
- Roland Fantom-XR
- Roland Fantom-Xa

Requirements

- Min. 128 MB RAM
- Min. 128 MB flash memory card

License

By using the Planet A sound library from Sinevibes, you accept the terms of this license agreement.

Scope of this license

This license applies to any and all files and materials featured in the Planet A sound library (further referred to as "Sound Library").

License terms

- All materials included in the Sound Library are copyright ©2007-2009 Artemiy Pavlov, all rights reserved.
- You are allowed to use the Sound Library and all of its materials to compose original music for both non-commercial and commercial purposes, including, but not limited to, creation of melodies, mixes, compositions, jingles, soundtracks and the like.
- You can freely modify, process and tweak the Sound Library's materials to fit your musical needs.
- Redistribution of the Sound Library materials in any way, by any means, on any media, in whole or part, in any form is strictly prohibited.
- Creating derivative sound libraries anyhow based on any part of the Sound Library is strictly prohibited.

Warranty

- The manufacturer guarantees that the Sound Library is a completely original work, not violating any laws, and not based on any illegal material.
- Although you will almost surely find our sounds awesomely useful, the manufacturer gives no guarantee for them to fit any particular purpose.
- The manufacturer shall have no responsibility in regard to any damage which may happen during the Sound Library installation or

use, including, but not limited to, steps taken due to misinterpretation or misunderstanding of the instructions given in this manual.

- The manufacturer is not obliged to keep support and provide future updates for the Sound Library, except for fixes for issues of corrupt data or improperly working sound materials.

Transferability

- You are free to transfer this license (i.e. sell the Sound Library) to any person, provided that no copy of any materials of the Sound Library remain at your side.

Installation

- Connect your synthesizer to your computer with a USB cable.
- Press the MENU button and switch to USB storage mode. In Fantom-X series you need to first switch to USB storage mode in [MENU] → “System” → “USB”.
- Select the "Card" area.
- On your computer, you will see a new removable drive which represents the Card flash memory area of the synthesizer.
- Using your computer, copy the **ROLAND** folder from Planet A download to the Card area.
- Eject the removable drive using the options menu of the drive icon on your computer.
- Exit the USB mode on the synthesizer.
- Now, to load Planet A:
 - If the “User sample load” system option is activated, switch your synthesizer off, and then back on. Planet A will load automatically.
 - Or, eject and re-insert the card, and then select the “Load All Sample” function in the load menu.
